Just being with the woman I'm with, loving her and just spending time with her is sometimes enough for me. If a woman is a good kisser, that alone can feel like making love." Phil, Plant Manager, 39 The widening uncomfortable truth between experienced and inexperienced means dealing with one big truth: If you're not on top and having fun, you're at the bottom and alone. Forget the old concept of men just want sex. Here, you'll find out how and why. There is no need to wait and every reason to learn, especially in the freedom age. Whether your goal is, becoming more confident, experiencing a higher level of satisfaction, learning more about your man and yourself or just turning on every man that you bed, "69 Ways to Turn Him On In and Out of Bed," is the blueprint. This how-to guide to turning him on teaches you: - How to communicate effectively and comfortably. - How to get what you want while pleasing him at the same time. - How to learn about each together. - How to make your relationship better. - How to have fun. - Most importantly, how to be your true self without comparing yourself to another woman.
